

### **AMENDMENTS TO THE CLAIMS:**

The following listing of claims will replace all prior versions, and listings, of claims in the application.

### **LISTING OF THE CLAIMS:**

Claims 1 to 33 (Cancelled).

34. (Currently Amended) A vibratory screen assembly comprising a plate, first and second side edge portions on said plate, first and second series of finger-receiving apertures in said first and second side edge portions, respectively, first and second plate flanges on said plate located outwardly of said first and second series of apertures, respectively, a screen on said plate, and first and second portions of said screen assembly spaced from and overlying said first and second finger-receiving apertures, respectively, and secured between said plate and said first and second plate flanges, respectively wherein the screen assembly at at least two outer edges is formed into planar side planes extending parallel to a plane defined by respective first and second flanges.

Claims 35 to 48. (Cancelled)
